Glenbard Township High School District 87 Awards \$25M Energy Conservation Contract to Performance Services

INDIANAPOLIS, IN – Performance Services is pleased to announce the selection by Glenbard Township High School District #87 for a guaranteed energy savings contract award in the amount of \$25,628,599. The 2015-2016 scope of work will include fast-track summer renovations at three buildings to include Glenbard East, Glenbard South and Glenbard West with a focus on adding air conditioning, central plant modernization and efficiency improvements, and upgrading air delivery systems. Key benefits to Glenbard 87 include:

- More than \$200,000 in annual energy savings.
- Providing an Optimal Learning Environment (OLE) in classrooms, to include air conditioning, consistent temperatures, proper indoor air quality, appropriate humidity levels, low mechanical noise, and appropriate lighting levels.
- A design and construction process that will include Open Book pricing that will guarantee best value choices and low-cost pricing for the school district.
- Speed of delivery with completion set for summer 2016.

"Glenbard selected Performance Services, Inc. for the company's skillset, capacity and track record. We have extensive MEP work needed over the next few years and we needed to partner with a firm that could consistently deliver for us," said Chris McClain, Assistant Superintendent for Finance and Operations/CSBO.

Glenbard High School District 87 is the third largest high school district in Illinois and is comprised of four high schools serving 8,445 students in Glen Ellyn, IL. To learn more, visit <http://www.glenbard87.org/>

Performance Services is an integrated design and delivery engineering company that specializes in constructing and renovating K-12 public schools, higher education, and healthcare facilities to deliver energy efficient and optimal environments through the Guaranteed Energy Savings Contract procurement method.
